If you are interested in taking CCP courses offered in the high schools, a complete list of available courses will be published in the course guide.

I would like to declare my intent to participate in the College Credit Plus program. I understand that signing this form does not require that I participate during the coming school year, and I may decide not to participate without consequence.

I also understand that it is my responsibility to notify my school if I do not gain admission to a college or choose not to participate in the program.

In addition, I certify that I have received counseling about the College Credit Plus program concerning the rules and regulations for both my school and the college, and that I understand my responsibilities, the benefits and possible risks of participating in the College Credit Plus program.

In order to gauge student interest in particular areas of study, please mark which fields your child would be most interested in taking CCP courses in for the 2020-20 school year. *\*Please note, in order to be fiscally responsible, course offerings at each high school will be dependent upon student requests during the scheduling process. While the Program of Studies lists all board approved courses, courses listed may not be offered if the number of student requests is below district class size minimums or if credentialed staff are not available to teach the course.*
