Dear Parent/Legal Guardian of: _____

This letter is in regards to safety issues related to the transportation of Kindergarten and 1st grade aged students that ride a district bus.

To be specific; due to the very young age of your child, we **STRONGLY** recommend a parent be present at the designated bus stop at the end of every day that your student is attending school as they depart the school bus. There are many safety issues related to young unsupervised children walking home to their residents.

This school district holds every child's safety as our number one priority. However, there are some parents who are unable to be at the bus stop for the child and are comfortable with them walking home without adult supervision. In this case, we **MUST** have you sign this Release from Responsibility Letter prior to us allowing your child to exit the bus without adult supervision.

Please be advised as to the following expectation:

I grant Northwest Local School District permission to drop off my child at their assigned bus stop without adult supervision, understanding, that I the parent, shall assume all legal responsibility for the safety of my child as they walk home. This letter releases Northwest Local School District of all legal responsibility both implied & written pertaining to my child after he/she departs the school bus at their designated bus stop.
