

Dear Families,

As a school we work to provide a safe environment maximizing the learning time for all of our students. There are a growing number of students who have peanut/tree-nut allergies. I am asking that you be considerate of this when you send in any food for classroom celebrations or birthday treats. This letter contains a list of safe snacks that are okay for all students to have. We also work to maximize the time we have for learning, with this in mind **we DO NOT accept cupcakes or whole cakes/cookies which require a staff member to serve them.** Items should be easily handed out and/or taken home if time does not allow for the class to enjoy the treat during the day.

****Nothing from a bakery is safe and nothing loose in a big jar or vat that you would scoop out into a bag is safe. Please always provide pre-packaged snacks with their label.

SAFE TREATS THAT ARE NUT FREE AND SCHOOL FRIENDLY
